

# DROP AND TWIST

## FOOD STORAGE '2 in 1 solution'

- Better Solution with this Patent Pending Food Storage System
- Individual Healthy 16OZ Portion Sized in Clear inserts
- Tall Tumbler Size, takes less space and microwave re-heats faster
- Cool to the touch Rim makes removing hot inserts easy with no tools
- Stopper lids pop off when heated to release pressure by themselves
- Wide mouth and no crevices for the dishwasher to sanitize properly
- BPA free and phalates free inserts
- Saves on time and money for your snacks, meals and on-the-go. **ENJOY**

*'so easy my 7yr old now heats his food, with healthy made lunches and snacks. WOW! 'When finished he actually puts inserts and lids in the dishwasher - AMAZING'*

- Lucia, March 2016

*'Food is made on Sundays and I now individually fill and store (looks more appetizing) in the inserts with airtight lids which I fridge or Freeze for **the rest** of the week. Everyone grabs the inserts and eats right out of them for snacks and meals and for HOT, reheat inserts in microwave with lid on, the mess of plates are skipped, then everyone puts the inserts in the dishwasher. I end up making more inserts, as they don't even make it out the door as intended. No more mess and ugly looking food, saves room also. GREAT IDEA and PRODUCT!'*

## GRAB AND GO CONVENIENCE & DESIGNS FOR EVERYONE

- Drop and Twist your insert into the thermal container - **SIMPLE**
- Thermal Insulated separately, plus 3 wall design with insert
- Take inserts out for re-heat purposes, re-heat when YOU want
- Insert and Stopper with Lid seal properly, for travel and utility
- Remove clear inserts to see state of food and freshness

**No Mess, No Waist, Less Time. BRILLIANT!**

Insert System with Thermal Grab and Go Convenience

# TOP 5 LIFESTYLE BENEFITS

**1** Drop and Twist Insert System is a great all-in-one solution that goes in the freezer/fridge, microwave, dishwasher sanitize and grab and go thermal containers. Eat your foods cold, or microwave hot with the lid stopper on then just grab the cool touch rim to handle and enjoy your hot snacks and meals.

**2** Your Storage container replacement, Drop and Twist inserts benefit by design, fitting in small spaces and takes up less room. Easy to hold and manage, designed vertically instead of flat, which accommodate your healthy made foods, snacks and leftovers for better convenient food management.

**3** Saves time and money, preparing your foods in batches, and individually packed. Finally a design that supports making fresh and appetizing looking foods that are healthy, and delicious. Clear inserts let you portion control your meals, see what your eating, and the state of food, included lid stoppers seal airtight, keeping foods better preserved, and lasting longer.

**4** Be YOURSELF with these thermal containers, with Grab and Go convenience. Designs that are you or a reflection of yourself (trendy and fashionable) travel perfectly with the insert system, just Drop and Twist the inserts into the insulated thermal container, keeping foods hot and cold longer, carrying handle included. Reheat foods when you want, no mess, and easy handling.

**5** Relax and take your time, with everything premade and looking delicious, everyone in the family can now get their own snack's and meals on their own. Inserts are so convenient they get grabbed and eaten out of directly (instead of plated) and designed to go in the dishwasher.

Drop and twist Grab and Go convenience, just couldn't be easier
